7 4

rose in the sum-mer _____ my love for you _____ is a precious thing

This quirky, lop-sided round of 9 bars with 4 parts has a driving power and momentum as it sings in and then out of sync with itself. The repeated four bar backing below adds even more complexity and sung together they need 36 bars (4 times through for the round and 9 times through for the backing) to complete their cycle. Use the backing as an introduction then sing in unison or as a 2,3 or 4 part round against.

10 Backing part

my love for you _____ is a precious thing my love for you
